FOR IMMEDIATE RELEASE

24 Hour Roadwork Begins Monday on State Route 89

REDDING – The California Department of Transportation (Caltrans) will begin additional work on State Route 89 at Mud Creek Bridge near McCloud in Siskiyou County. Work will begin on Monday, July 19, 2004 at 6 a.m. with anticipated completion by Friday, July 23, 2004.

A steel reinforced concrete deck overlay will be placed on the bridge. Travel will be restricted to one lane with flaggers controlling traffic and will be conducted 24 hours per day, Monday through Friday. Lane closures will be necessary in order to place steel reinforcement, for concrete cure time and due to the vertical drops created between lanes during construction. Up to 5-minute delays are expected.

The contractor for this project is J.F. Shea Construction of Redding. For more information please contact the Caltrans Resident Engineer, Tony Pascal, at 225-3288.
